PRINCESS TRISHA M. CARIAS

Dasmariñas Cavite, Philippines
ptrishacarias@gmail.com | +63 9660146881

SUMMARY

An incoming fourth-year Bachelor of Science in Computer Science student at Cavite State University with experience in front-end development, UI/UX design, and system testing. Skilled in creating user-centered interfaces using Figma and collaborating in academic software development projects. Has keen interest in learning new technologies, improving problem-solving skills, and creating digital solutions that are both functional and user-friendly.

SKILLS

Frontend: HTML5, CSS3
Dev Tools: Git, GitHub, Visual Studio Code
UI/UX Design Tools: Figma, Adobe Photoshop

EXPERIENCE / LEADERSHIP

Dorie's Digital Photography — Graphic Designer Sep. 2022 – Present

- Created digital layouts and customized designs for tarpaulins, invitations, certificates, IDs, menus, and other printed materials based on customer requirements.
- Assisted customers with editing, encoding, and other computer-related services using Adobe Photoshop and Microsoft.
- Provided basic computer troubleshooting and technical support and managed multiple client requests while ensuring timely and high-quality outputs.

FarmForward — System Tester, Project Documenter Sep. 2025 – Jan. 2026

- Designed the complete user interface and user experience of the application using Figma, including wireframes, high-fidelity prototypes, and system layouts.
- Designed and executed test cases to validate system functionality, performance, and accuracy of yield prediction features.
- Documented system processes, technical documentation, project reports, user guidelines, and user manuals.

PROJECTS

FarmForward Dec. 2025 – Jan. 2026
Crop Management System with Yield Prediction and Growth Monitoring

- User Account Management
- Crop Management & Yield Prediction
- Growth Monitoring
- Crop Status Management
- Map-Based Crop Visualization
- Weather Monitoring

EDUCATION

Cavite State University (CvSU) 2023 - Present
Bachelor of Science in Computer Science

Dasmariñas Integrated High School 2021 - 2023
Science, Technology, Engineering, and Mathematics

CERTIFICATION

Cisco Networking Academy — Introduction to Cybersecurity March 2026

Cisco Networking Academy — Cyber Threat Management May 2026
